

PEER REVIEW AND RESEARCH PUBLISHING

Research articles can draw claims.

You publish peer-reviewed research for institutions and subscribers. Editorial rights, review duties and platform records need distinct media and cyber terms matched to the journal.

RISKS WORTH DISCUSSING

- 01 Defamation or privacy claims
- 02 Copyright and plagiarism disputes
- 03 Subscriber information breaches

Coverage worth discussing

Professional liability

Specialist media liability for accepted editorial-content claims.

Business owners policy

Property and general liability for an eligible publishing office.

Cyber liability

Covered subscriber-data breach response and privacy claims.

General liability

Covered third-party injury at accepted offices or events.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
