

DISPLAYS, SMALL VALUABLES AND CHECKOUT

A tipped display can hurt a shopper.

You sell accessories from displays that shoppers handle closely. Declare any jewelry values and peak stock; sales-floor injury, defined employee theft and customer-data incidents need distinct terms.

RISKS WORTH DISCUSSING

- 01 Shopper injuries involving displays
- 02 Employee theft of insured stock or cash
- 03 Payment or customer-record breaches

Coverage worth discussing

Commercial property

Insured accessories and displays after covered damage.

Crime insurance

Defined employee theft of insured stock or money.

General liability

Covered injury from accepted sales-floor activities.

Cyber liability

Covered customer-data breach response and privacy claims.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
