

ACOUSTICAL INSTALLATION

The room is finished. Your work is overhead.

Hanging acoustic panels can put lifts and loose materials above polished floors and equipment. We review the occupied spaces you work in and the tools you take there.

RISKS WORTH DISCUSSING

- 01 Damage to finished interiors
- 02 Falls from lifts and ladders
- 03 Dust and adhesive on nearby contents

Coverage worth discussing

General liability

Covered injury or property damage from panels and lift operations.

Inland marine

Insured lifts, lasers and fastening tools at jobsites.

Business owners policy

Property and liability protection for an eligible shop.

Workers compensation

Benefits for covered ladder, lift and repetitive-work injuries.

Commercial auto

Covered accidents involving crew vans and material trucks.

Umbrella liability

Added limits above accepted underlying liability policies.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
