

SCENIC PASSENGER OPERATIONS

Boarding passengers need aviation liability attention.

You take paying passengers on scenic flights. Flight, ramp and boarding duties need aviation terms alongside the ground-office and booking-data program.

RISKS WORTH DISCUSSING

- 01 In-flight or boarding injury
- 02 Ramp and propeller accidents
- 03 Reservation system data theft

Coverage worth discussing

General liability

Supports covered check-in or premises injuries.

Workers compensation

Employee injury benefits for accepted pilot or ground duties.

Commercial auto

Covered road liability for declared passenger shuttles.

Commercial property

Insured offices, hangar interests and declared ground gear.

Cyber liability

Funds breach response for booking data.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
