

RUNWAY CONSTRUCTION

The runway has a reopening time.

Paving and lighting an airfield means working within short closure windows near aircraft operations. We review your equipment, hauling and the airport work each policy accepts.

RISKS WORTH DISCUSSING

- 01 Construction near active aircraft
- 02 Paver and milling-machine incidents
- 03 Fuel and tack-coat releases

Coverage worth discussing

General liability

Covered third-party claims from accepted airfield construction.

Inland marine

Insured pavers, mills and rollers at sites and in accepted transit.

Environmental liability

Covered cleanup and claims from included fuel releases.

Workers compensation

Benefits for covered machinery, asphalt and dust injuries.

Commercial auto

Covered accidents involving dump trucks and lowboys.

Surety bonds

Bonds supporting specified airport-contract obligations.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
