The Southern Agency
Insurance & Bonds

ALARM CONTRACTOR INSURANCE

Your work continues after installation.

An alarm contract may include design, testing and ongoing monitoring. We review the services you promise, from mounting the first sensor to reporting a signal.

RISKS WORTH DISCUSSING

01 **Alleged failure to detect or report**

02 **Wiring and programming errors**

03 **Exposure of monitoring records**

ALARM CONTRACTOR INSURANCE

Coverage worth discussing

General liability
Covered injuries or damage during cabling and device mounting.

Professional liability
Covered errors in accepted design, testing or monitoring.

Cyber liability
Covered response costs and claims involving monitoring data.

Workers compensation
Benefits for covered technician injuries during installation.

Commercial auto
Covered accidents involving service vans and accepted vehicles.

Inland marine
Insured programmers, tools and panels away from the shop.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 **Listen**
We review your operations, coverage and past claims.

02 **Assess**
We look at hazards and ways to reduce risk.

03 **Build**
We compare carriers, premiums and audit terms.

04 **Support**
We revisit coverage as your work changes.
