

ORCHARD MANAGEMENT

Standing tree and orchard loss

Your orchard depends on mature trees and a short harvest. Growing-crop and tree interests need terms distinct from buildings and machinery.

RISKS WORTH DISCUSSING

- 01 Standing tree and orchard loss
- 02 Irrigation and pump failure
- 03 Harvest equipment damage

Coverage worth discussing

Commercial property

Helps with physical damage to scheduled barn facilities.

Inland marine

Declared harvesters after covered physical loss.

Equipment breakdown

Covered internal failures of irrigation or processing pumps.

Commercial auto

Helps with road liability from declared nut-hauling trucks.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
