

EMERGENCY RESPONSE AND PATIENT CARE

Road and care claims can overlap.

Your crews provide treatment from the scene through patient handoff. Emergency driving, clinical duties and crew status need distinct accepted vehicle, medical and employee terms.

RISKS WORTH DISCUSSING

- 01 High-speed emergency vehicle collisions
- 02 Field medication administration errors
- 03 Lifting and stretcher loading injuries

Coverage worth discussing

Commercial auto

Covered road liability for accepted emergency ambulance use.

Workers compensation

Work-injury benefits for eligible ambulance employees.

Professional liability

Specialist clinical liability for accepted EMS treatment duties.

Equipment breakdown

Covered internal failures of expressly accepted onboard devices.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
