

DIGITAL CHARACTERS AND VISUAL EFFECTS

Render hardware can fail mid-project.

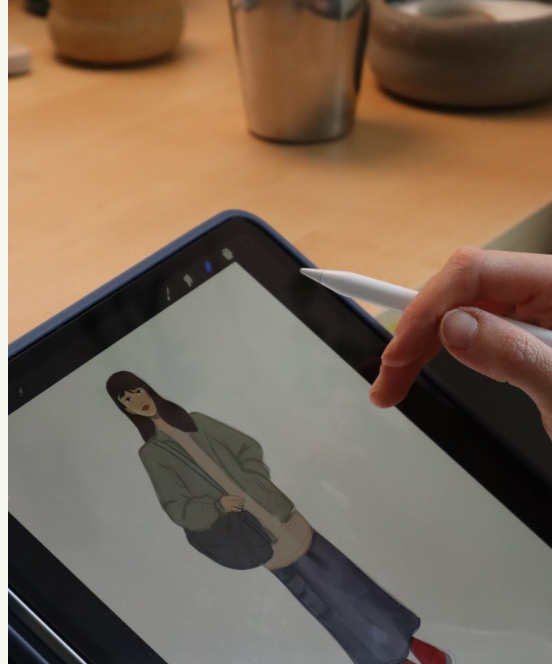

You create animation and effects using workstations, render hardware and client files. Service errors and media rights need accepted professional terms; hardware repair, digital assets and project rework are distinct interests.

RISKS WORTH DISCUSSING

- 01 Errors in delivered digital work
- 02 Copyright or likeness disputes
- 03 Render and workstation failures

Coverage worth discussing

Professional liability

Covered claims alleging accepted animation-service errors.

Commercial property

Insured render hardware after covered physical damage.

Workers compensation

Work-injury benefits for eligible studio employees.

Cyber liability

Covered client-file incident response and privacy claims.

Equipment breakdown

Covered internal failures of accepted rendering equipment.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
