

ARTIST MATERIALS AND STORE CLASSES

Stored solvents can fuel a fire.

You stock paints, solvents and paper, and may host demonstrations or classes. Flammable stock values, accepted teaching activities and resulting harm from sold materials need distinct coverage terms.

RISKS WORTH DISCUSSING

- 01 Fire involving solvent and paper stock
- 02 Participant injuries during store classes
- 03 Resulting harm from sold art materials

Coverage worth discussing

Commercial property

Insured artist materials after covered physical damage.

Products liability

Resulting harm from accepted art-material product lines.

General liability

Covered participant injury from expressly accepted classes.

Cyber liability

Covered order/payment-data breach response and privacy claims.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
