The Southern Agency
Insurance & Bonds

ASBESTOS REMOVAL

Responsibility follows the waste.

Containment, removal and disposal each need attention in an asbestos insurance review. We discuss your abatement duties and where waste goes after it leaves the enclosure.

RISKS WORTH DISCUSSING

01 Releases beyond the containment area

02 Worker inhalation exposure

03 Waste transport and disposal claims

ASBESTOS REMOVAL CONTRACTOR INSURANCE

Coverage worth discussing

Environmental liability
Asbestos removal and disposal where expressly included.

General liability
Covered third-party injury and damage from site operations.

Workers compensation
Benefits for covered injuries and occupational disease.

Commercial auto
Covered road liability for crew and supply trucks.

Inland marine
Insured negative-air machines, HEPA units and site equipment.

Umbrella liability
Added liability limits with accepted asbestos and pollution terms.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 **Listen**
We review your operations, coverage and past claims.

02 **Assess**
We look at hazards and ways to reduce risk.

03 **Build**
We compare carriers, premiums and audit terms.

04 **Support**
We revisit coverage as your work changes.
