

CUSTOMER CARS, REPAIRS AND TEST DRIVES

A car fire can damage a bay.

You diagnose and repair cars held in your shop. Garagekeepers terms for customer-car damage need selection apart from operations liability, shop property, test drives and internal lift failures.

RISKS WORTH DISCUSSING

- 01 Customer-car damage while in custody
- 02 Resulting harm from completed repairs
- 03 Internal garage-lift failures

Coverage worth discussing

Garage liability

Covered liability from expressly accepted garage operations.

Workers compensation

Work-injury benefits for eligible shop technicians.

Commercial auto

Covered road liability for expressly accepted vehicle uses.

Commercial property

Insured buildings and shop tools after covered damage.

Equipment breakdown

Covered internal failures of accepted lifts or compressors.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
