

RIVER FREIGHT, LOCKS AND FLEETING

A tow can strike a bridge.

You carry freight through rivers, locks and fleeting areas. Hull, cargo, navigation and crew need specialist marine terms alongside shore liabilities, handling machinery and accepted release costs.

RISKS WORTH DISCUSSING

- 01 Water damage to carried freight
- 02 Tow contact with bridges or locks
- 03 Crew injuries during line handling

Coverage worth discussing

General liability

Covered third-party injury at accepted shore premises.

Equipment breakdown

Covered internal failures of accepted handling machinery.

Environmental liability

Covered cleanup under accepted fuel or cargo-release terms.

Umbrella liability

Extra limits above expressly accepted marine liabilities.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
