

BERRY FARMING OPERATIONS

Cooling loss and picked-fruit deterioration

You harvest and cool berries for a short selling window. U-pick visitors, seasonal staff and refrigeration failures add different exposures.

RISKS WORTH DISCUSSING

- 01 Cooling loss and picked-fruit deterioration
- 02 U-pick customer injuries
- 03 Seasonal labor strain injuries

Coverage worth discussing

Commercial property

Addresses insured damage to coolers and farm sheds.

Products liability

Addresses injury claims involving berries you have sold.

Equipment breakdown

Addresses repairs for refrigeration after internal electrical failure.

Workers compensation

Provides benefits for eligible packing or harvest injuries.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
