

BOILER CONTRACTOR INSURANCE

Pressure, fuel and occupied buildings.

A boiler service call can involve hot surfaces, fuel connections and combustion controls. We review the systems you work on and your installation, sizing and commissioning duties.

RISKS WORTH DISCUSSING

- 01 Pressure-vessel rupture
- 02 Fire and carbon-monoxide exposure
- 03 Allegations of faulty commissioning

Coverage worth discussing

General liability

Covered injury or property damage from installation and service.

Commercial auto

Covered liability for service trucks carrying parts and tools.

Professional liability

Covered allegations involving accepted sizing and design services.

Workers compensation

Benefits for covered burns and pressure-system injuries.

Inland marine

Insured combustion-testing tools and inventory at jobsites.

Umbrella liability

Added limits for accepted pressure-system liability exposures.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
