The Southern Agency
Insurance & Bonds

WATER TREATMENT AND BOTTLING

A treatment fault can affect released lots.

You source, treat and bottle water for distribution. Contaminated lots, failed filling equipment and delivery accidents involve distinct product, machinery and road-vehicle interests.

RISKS WORTH DISCUSSING

01 **Source and product contamination**

02 **Bottling line machinery breakdown**

03 **Fleet-related transport and road accidents**

BOTTLED WATER FACILITY INSURANCE

Coverage worth discussing

Commercial property
Insured treatment assets and stock after covered damage.

Equipment breakdown
Covered internal failures of accepted bottling equipment.

Products liability
Covered resulting harm from supplied bottled water.

Commercial auto
Covered road liability for declared delivery vehicles.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 **Listen**
We review your operations, coverage and past claims.

02 **Assess**
We look at hazards and ways to reduce risk.

03 **Build**
We compare carriers, premiums and audit terms.

04 **Support**
We revisit coverage as your work changes.
