

BRICKLAYER INSURANCE

Every lift puts weight above someone.

Laying walls and facades means moving bricks, mortar and tools onto scaffolds. We discuss the heights you work at, public access below and the equipment you own or rent.

RISKS WORTH DISCUSSING

- 01 Falls from scaffolds
- 02 Dropped bricks and tools
- 03 Silica dust and lifting injuries

Coverage worth discussing

General liability

Covered third-party injury or damage from falling materials.

Inland marine

Insured mortar mixers, tools and scaffolds at sites or in transit.

Builders risk

Covered physical loss to insured masonry during construction.

Workers compensation

Benefits for covered falls, lifting injuries and occupational disease.

Commercial auto

Covered road liability for trucks hauling brick, block and mortar.

Umbrella liability

Added limits above accepted underlying liability policies.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
