

BRIDGE CONTRACTOR INSURANCE

Traffic may stay open beneath you.

Building or repairing a span can put travelers below active lifts and temporary supports. We review protection for your crews, the bridge in progress and the roads or waterways around it.

RISKS WORTH DISCUSSING

- 01 Loads falling into open traffic
- 02 Formwork and temporary-support failure
- 03 Damage to the bridge in progress

Coverage worth discussing

General liability

Covered third-party injury and damage around the bridge site.

Builders risk

Covered physical loss to the insured bridge work in progress.

Environmental liability

Covered cleanup and claims from included waterway releases.

Workers compensation

Benefits for covered falls and lifting injuries under applicable law.

Inland marine

Insured cranes, rigging and formwork moved between jobs.

Surety bonds

Bid, performance and payment bonds for public-contract duties.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
