

BUILDING RAISING AND MOVING

The load is an entire building.

Hydraulic jacks, cribbing and dollies carry a customer's structure through each stage of a move. We review the lift, temporary supports and any road journey before work begins.

RISKS WORTH DISCUSSING

- 01 Damage to the building being moved
- 02 Jacking or cribbing failure
- 03 Utility strikes along the route

Coverage worth discussing

General liability

Covered injury and damage to surrounding third-party property.

Commercial auto

Covered road liability for the trucks and trailers you use.

Motor truck cargo

An eligible building in transit under accepted cargo terms.

Workers compensation

Benefits for covered employee injuries during lifting operations.

Inland marine

Insured jacking systems, beams and cribbing.

Builders risk

An accepted structure during raising or foundation replacement.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
