SORTERS, CLIENT LISTS AND PREPAID POSTAGE

A sorter fault can stop a mailing.

You fold, sort and process client mail with automated equipment. Accepted mailing duties and material values matter; machine repair, reruns, data incidents and theft of client postage funds differ.

RISKS WORTH DISCUSSING

01 **Internal failures of folders or sorters**

02 **Errors in address merging or list processing**

03 **Theft of expressly insured client postage funds**
