The Southern Agency
Insurance & Bonds

VEHICLE ASSEMBLY & OUTFITTING

Installed systems add vehicle fire risks.

You fit out vehicles where an electrical or propane system failure could cause fire, and road testing adds major liability.

RISKS WORTH DISCUSSING

01 **Vehicle fire from installed systems**

02 **Passenger and occupant injury**

03 **Road test and transport exposure**

BUS AND RV MANUFACTURER INSURANCE

Coverage worth discussing

Products liability
May help with liability for injury from your installed systems.

Commercial auto
Eligible road-test and driveaway vehicle liability.

Commercial property
Plant property and accepted vehicle inventory.

Workers compensation
May provide medical and wage benefits for staff.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 **Listen**
We review your operations, coverage and past claims.

02 **Assess**
We look at hazards and ways to reduce risk.

03 **Build**
We compare carriers, premiums and audit terms.

04 **Support**
We revisit coverage as your work changes.
