

BACK-OFFICE AND ADMINISTRATIVE SUPPORT

Processing errors causing financial loss

You provide billing, data processing, and order fulfillment. Handling sensitive client records creates complex liability and privacy risks for your firm.

RISKS WORTH DISCUSSING

- 01 Processing and service errors
- 02 Data privacy and breach exposure
- 03 Technology downtime and interruption

Coverage worth discussing

Professional liability

Eligible claims from accepted administrative service errors.

General liability

Addresses third-party injury claims at your office site.

Cyber liability

Covered client-record breach response and privacy claims.

Crime insurance

Covered employee theft or accepted payment-fraud losses.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
