

CAISSONS AND COFFERDAMS

Water pressure tests every temporary wall.

Deep foundations put crews beside unstable ground. Bring dewatering methods and temporary-work duties to your insurance review.

RISKS WORTH DISCUSSING

- 01 Cofferdam breach and flooding
- 02 Excavation and soil collapse
- 03 Sediment and discharge concerns

Coverage worth discussing

General liability

Covered injury or neighboring-property damage.

Inland marine

Covers mobile heavy equipment like cranes and pumps at job sites or transit.

Umbrella liability

Provides higher liability limits above primary policies for foundation hazards.

Workers compensation

Provides medical and wage benefits for employees following work injuries.

Environmental liability

Covered sediment-discharge cleanup and liability.

Commercial auto

Covers trucks and trailers used to haul crews and gear to remote sites.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
