The Southern Agency
Insurance & Bonds

AUTOMATED VEHICLE ASSEMBLY

A conveyor failure can stop final assembly.

You operate assembly lines using robotics where a fire or conveyor failure halts high-volume production and shipments.

RISKS WORTH DISCUSSING

01 **Large-scale recall exposure**

02 **Robotic line and press injuries**

03 **Production line breakdown**

CAR & LIGHT TRUCK ASSEMBLY PLANT INSURANCE

Coverage worth discussing

Products liability
May help with injury claims caused by your product.

Commercial property
May protect your factory, robots, and inventory.

Equipment breakdown
May help with internal failures of assembly gear.

Cyber liability
May help after a security event hits plant controls.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 **Listen**
We review your operations, coverage and past claims.

02 **Assess**
We look at hazards and ways to reduce risk.

03 **Build**
We compare carriers, premiums and audit terms.

04 **Support**
We revisit coverage as your work changes.
