

OVERSIZED FREIGHT LOGISTICS

Urgent handoffs can expose cargo to loss.

Your on-demand cargo flights involve unusual loads and handoffs. Aviation and carrier liabilities need specialist terms alongside staging facilities and road legs.

RISKS WORTH DISCUSSING

- 01 Specialized cargo handling damage
- 02 Subcontractor freight loss incidents
- 03 Urgent dispatch system errors

Coverage worth discussing

Inland marine

Declared freight interests on expressly accepted transit legs.

Commercial property

Insured staging facilities after covered physical damage.

Cyber liability

Covers response costs for billing breaches.

Motor truck cargo

Declared freight interests on accepted road-carriage legs.

Workers compensation

Employee injury benefits for eligible loading roles.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
