

VESSEL OPERATIONS AND CARGO BOOKINGS

Ransomware can halt cargo bookings.

You coordinate vessels, port calls and digital cargo bookings. Vessel, freight and crew need specialist marine terms alongside shore property, logistics-system incidents and insured leadership duties.

RISKS WORTH DISCUSSING

- 01 Cargo carriage claims
- 02 Booking-system ransomware
- 03 Fuel or cargo pollution releases

Coverage worth discussing

Commercial property

Insured shore offices and terminals after covered damage.

Directors and officers

Covered management allegations against accepted shipping entities.

Cyber liability

Covered logistics-system incident response and privacy claims.

Environmental liability

Covered cleanup under accepted vessel or cargo-release terms.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
