

GAMING FLOORS AND HOTEL OPERATIONS

Cash and chips move through cages.

You combine gaming, lodging and food service. Cash and chip values, custody controls and player records need defined crime and privacy terms alongside physical assets and building systems.

RISKS WORTH DISCUSSING

- 01 Gaming fund theft or fraud
- 02 Crowd and security injury
- 03 Player record data exposure

Coverage worth discussing

Crime insurance

Defined theft or fraud involving expressly insured gaming assets.

Cyber liability

Covered player-data breach response and privacy claims.

Commercial property

Insured hotel and gaming assets after covered damage.

Equipment breakdown

Covered internal failures of accepted HVAC or machinery.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
