

GARMENT ASSEMBLY & DESIGN

A loose garment part can become a choking hazard.

You design and sew children's clothing where safety and labeling standards create financial exposure beyond injury claims.

RISKS WORTH DISCUSSING

- 01 Product safety and recall risk
- 02 Choking and strangulation hazards
- 03 Regulatory non-compliance

Coverage worth discussing

Products liability

May help with injury claims related to garments.

General liability

May help with visitor injury at the factory.

Commercial property

May protect your sewing equipment and inventory.

Equipment breakdown

May help with internal failures of sewing gear.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
