The Southern Agency
Insurance & Bonds

PEDIATRIC CLINICAL AND INPATIENT CARE

Dosing errors can cause lasting harm.

You provide acute pediatric care with vulnerable patients and specialist systems. Clinical rosters, reporting dates and abuse-related terms need distinct review alongside premises, equipment and patient records.

RISKS WORTH DISCUSSING

01 **Dosing and diagnostic miscalculations**

02 **Abuse and supervision allegations**

03 **Life-support and imaging failure**

CHILDREN'S HOSPITAL INSURANCE

Coverage worth discussing

Professional liability
Specialist clinical liability for accepted pediatric care.

General liability
Covered nonclinical visitor injury claims at accepted campuses.

Equipment breakdown
Covered internal failures of accepted pediatric systems.

Cyber liability
Covered pediatric-record breach response and privacy claims.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 **Listen**
We review your operations, coverage and past claims.

02 **Assess**
We look at hazards and ways to reduce risk.

03 **Build**
We compare carriers, premiums and audit terms.

04 **Support**
We revisit coverage as your work changes.
