

COMMERCIAL CLEANING

You hold the keys to client buildings.

Cleaning crews work around client property, often with access after hours. Wet floors and theft allegations call for attention alongside employee injuries and the floor machines you move between accounts.

RISKS WORTH DISCUSSING

- 01 Slip-and-fall on wet floors
- 02 Theft and damage allegations
- 03 Damage to client property

Coverage worth discussing

General liability

Responds to third-party slip-and-fall injuries occurring at client sites.

Workers compensation

Provides benefits for employees injured while cleaning or using equipment.

Commercial auto

Helps cover vehicles used to transport crews and supplies between accounts.

Inland marine

Helps cover your floor machines and buffers at client job sites.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
