

COMMERCIAL GENERAL CONTRACTING

You coordinate the entire commercial build.

Your responsibility spans several trades. Match liability and property coverage to your contracts and building value.

RISKS WORTH DISCUSSING

- 01 Liability for subcontractor work
- 02 Construction defect claims
- 03 Project-under-construction losses

Coverage worth discussing

General liability

Responds to third-party injuries or property damage across your job site.

Builders risk

Helps repair project property after covered fire, wind, or theft.

Commercial auto

Covers vehicles used to travel between your office and project sites.

Workers compensation

Provides benefits for employee injuries based on work performed.

Umbrella liability

Provides higher liability limits for large-scale commercial project values.

Surety bonds

Secures performance or payment obligations required for public contracts.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
