The Southern Agency
Insurance & Bonds

LAUNCH AND PAYLOAD OPERATION

Launch mishaps can affect people and payloads.

You coordinate preparation, crew training and participant missions. Launch liability, space vehicles and payloads need specialist terms alongside the ground-facility program.

RISKS WORTH DISCUSSING

01 **Participant bodily-injury claims**

02 **Third-party ground damage**

03 **Loss of customer payloads**

COMMERCIAL SPACEFLIGHT OPERATOR INSURANCE

Coverage worth discussing

General liability
Covered visitor injuries at declared ground facilities.

Commercial property
Insured ground facilities after covered physical damage.

Umbrella liability
Extra limits above expressly scheduled liability terms.

Professional liability
Eligible mission-planning claims under expressly accepted services.

Workers compensation
Employee injury benefits for eligible ground technicians.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 **Listen**
We review your operations, coverage and past claims.

02 **Assess**
We look at hazards and ways to reduce risk.

03 **Build**
We compare carriers, premiums and audit terms.

04 **Support**
We revisit coverage as your work changes.
