

CONCRETE CONSTRUCTION

Concrete placement depends on timing.

Foundations and slabs bring heavy equipment close to crews handling wet concrete. Review liability for resulting property damage, employee exposures and the forms and machinery that move between sites.

RISKS WORTH DISCUSSING

- 01 Defective pour and rework
- 02 Structural failure and settlement
- 03 Concrete burns and skin injuries

Coverage worth discussing

General liability

Covered injury or property damage from concrete work.

Workers compensation

Benefits for covered injuries and silica-related illness.

Inland marine

May help cover your pumps, trowels, and forms at sites or in transit.

Commercial auto

May help cover liability for trucks hauling concrete forms and equipment.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
