

RETAIL PRODUCTION AND SALES

Nut cross-contact can harm buyers.

You make or resell candies and nuts. Allergen handling, heated equipment and temperature-sensitive seasonal stock need terms matching the shop and actual production duties.

RISKS WORTH DISCUSSING

- 01 Nut and allergen reactions
- 02 Cooking and roasting burns
- 03 Sensitive inventory spoilage

Coverage worth discussing

Products liability

Covered resulting harm from supplied candies or nuts.

Commercial property

Insured shop assets and stock after covered damage.

General liability

Covered visitor injury claims at accepted shop premises.

Equipment breakdown

Covered internal failures of accepted tempering or roasting gear.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
