

EXTRACTION, TAILINGS AND ORE PROCESSING

Tailings releases can spread damage.

You extract and process copper-bearing ore using heavy equipment and managed waste systems. Tailings, leach processes and actual mobile units need defined terms, with prior conditions and routine drainage considered separately.

RISKS WORTH DISCUSSING

- 01 Tailings or leach-solution releases
- 02 Internal processing-equipment failures
- 03 Damage to mobile ore-handling equipment

Coverage worth discussing

Environmental liability

Covered cleanup under accepted tailings or leach-release terms.

Commercial property

Insured processing facilities after covered physical damage.

Equipment breakdown

Covered internal failures of accepted processing machinery.

Inland marine

Insured off-road haulers under accepted equipment terms.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
