

CORN GROWING OPERATIONS

Combine and machinery loss

You harvest, dry and store corn with heavy machinery. Bin fires, equipment failures and road hauling can interrupt the crop's movement.

RISKS WORTH DISCUSSING

- 01 Combine and machinery loss
- 02 Grain bin and storage hazards
- 03 Grain dryer and aeration failure

Coverage worth discussing

Commercial property

Insured grain bins and declared stored corn.

Inland marine

Declared combines or grain carts after covered loss.

Equipment breakdown

Covered internal failures of stationary drying fans.

Commercial auto

Covered road liability for declared grain-hauling trucks.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
