

CONSUMER CREDIT INFORMATION REPORTING

Incorrect credit data can trigger FCRA claims.

You collect credit information for lenders and screeners. Handling large volumes of sensitive data means an inaccuracy could result in major claims.

RISKS WORTH DISCUSSING

- 01 Consumer-record data breaches
- 02 Inaccurate reporting or FCRA claims
- 03 Inquiries about reporting compliance

Coverage worth discussing

Cyber liability

Pays response costs after consumer record breaches.

Professional liability

Eligible claims from accepted credit-reporting services.

Directors and officers

Covered management wrongful-act claims under accepted terms.

Crime insurance

Reimburses for qualifying employee theft losses.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
