

CARDHOLDER ACCOUNTS AND PROCESSING

One breach can expose accounts.

You maintain cardholder accounts and transaction-processing systems. Breached records, account fraud and disputed lending practices involve distinct privacy, crime and professional interests.

RISKS WORTH DISCUSSING

- 01 Cardholder data breach
- 02 Account takeover and fraud
- 03 Lending compliance errors

Coverage worth discussing

Cyber liability

Covered cardholder-record breach response and privacy claims.

Professional liability

Eligible errors in accepted lending or card-account services.

Employment practices

Covered employment allegations involving accepted issuer staff.

Crime insurance

Defined theft or forgery involving insured financial assets.

Directors and officers

Covered management claims in accepted issuer-entity roles.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
