Coverage worth discussing

Environmental liability

Covered fuel or chemical releases in ground operations.

General liability

Covered liability at declared ground premises.

Commercial property

Insured hangars and declared ground chemical stocks.

Workers compensation

Employee injury benefits for eligible ground-crew duties.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
