

DIVERSE ROTATION OPERATIONS

Shared machinery loss across crops

You rotate crops while sharing machinery, storage and workers. A lost combine or failed refrigeration system can affect several harvests.

RISKS WORTH DISCUSSING

- 01 Shared machinery loss across crops
- 02 Varied stored-product loss
- 03 Weather damage across the rotation

Coverage worth discussing

Commercial property

Insured farm buildings and declared stored crop interests.

Equipment breakdown

Covered internal failures of stationary cooling systems.

Inland marine

Declared tractors or harvest machinery after covered loss.

Commercial auto

Covered road liability for declared farm-hauling trucks.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
