

CUSTOM HOME CONSTRUCTION

Custom choices change the value at risk.

Bespoke finishes change the value of a home in progress. Review project values and any design advice you provide.

RISKS WORTH DISCUSSING

- 01 Loss to high-value work in progress
- 02 Design and advice disputes
- 03 Theft of premium materials

Coverage worth discussing

General liability

May respond to public injury and property damage at the home site.

Professional liability

May address claims arising from design input and material guidance.

Inland marine

May cover tools that move between sites and remain at the property.

Builders risk

May help cover bespoke finishes against fire, storm, or theft during construction.

Workers compensation

May provide benefits for employees injured during residential finishing work.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
