The Southern Agency
Insurance & Bonds

CUSTOM METAL FABRICATOR INSURANCE

The part ships. Your responsibility can ride along.

You cut, bend and weld to a customer's drawings. A shop fire can stall unfinished orders, and a failed part can bring a claim after delivery. We look at what you make, deliver and install.

RISKS WORTH DISCUSSING

01 Hot-work fire in the shop

02 Product claims after an assembly ships

03 Damage or injury during installation

CUSTOM METAL FABRICATOR INSURANCE

Coverage worth discussing

General liability
Liability for covered injuries or property damage from shop operations.

Products liability
Injury or damage claims involving parts and assemblies after they ship.

Commercial property
Your shop, stock and welding equipment after a covered fire.

Workers compensation
Medical and wage benefits for covered shop and installation injuries.

Inland marine
Tools and finished metalwork in transit and during installation.

Commercial auto
Liability and vehicle protection for your delivery trucks.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 **Listen**
We review your operations, coverage and past claims.

02 **Assess**
We look at hazards and ways to reduce risk.

03 **Build**
We compare carriers, premiums and audit terms.

04 **Support**
We revisit coverage as your work changes.
