

CLIENT SECURITY AND PRIVILEGED ACCOUNTS

A missed alert can affect many clients.

You host infrastructure and accept security-monitoring duties. Identify actual response commitments and privileged access; customer claims, your incident costs, equipment and defined theft need distinct terms.

RISKS WORTH DISCUSSING

- 01 Allegedly negligent monitoring or response
- 02 Compromise of privileged security accounts
- 03 Employee theft of expressly insured funds

Coverage worth discussing

Professional liability

Covered claims from accepted security/monitoring duties.

Cyber liability

Covered own-system response and security/privacy liability.

Crime insurance

Defined theft/fraud of expressly insured money interests.

Commercial property

Insured owned facility equipment after covered damage.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
