DAM AND RESERVOIR BUILDER INSURANCE

Coverage worth discussing

General liability
Covered third-party injury or damage from earthwork.

Builders risk
Insured spillways and embankments during construction.

Inland marine
Insured scrapers and compactors at sites or in transit.

Workers compensation
May provide benefits for covered crew injuries involving heavy machinery.

Environmental liability
Covered cleanup and claims from sediment releases.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 **Listen**
We review your operations, coverage and past claims.

02 **Assess**
We look at hazards and ways to reduce risk.

03 **Build**
We compare carriers, premiums and audit terms.

04 **Support**
We revisit coverage as your work changes.
