

CONSTRUCTION DEBRIS REMOVAL

Debris leaves the jobsite in your trucks.

Clearing a site leads to loading and transport. Detail your materials and hauling contracts when reviewing truck liability.

RISKS WORTH DISCUSSING

- 01 Auto accidents hauling debris
- 02 Hidden hazardous materials
- 03 Loading and handling injuries

Coverage worth discussing

Commercial auto

May help with covered accident claims involving dump and grapple trucks.

General liability

May help with covered injuries to others or property damage during clearing.

Inland marine

May help replace insured loaders and attachments after theft or damage.

Motor truck cargo

May help with covered loss of eligible loads you are contracted to haul.

Workers compensation

May provide benefits for employee injuries while sorting or loading debris.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
