The Southern Agency
Insurance & Bonds

DECORATIVE CONCRETE

The finish stays after the crew leaves.

Stamping and staining combine surface preparation with chemical application. Account for finish disputes and public slip hazards while reviewing runoff liability and the grinders and stampers you own.

RISKS WORTH DISCUSSING

01 **Workmanship and color disputes**

02 **Sealer and chemical failures**

03 **Chemical handling exposures**

DECORATIVE CONCRETE CONTRACTOR INSURANCE

Coverage worth discussing

General liability
May help with covered slip injuries or damage to surrounding property.

Inland marine
May help replace grinders and stampers after covered theft or damage.

Environmental liability
May help with covered cleanup from chemical runoff or overspray.

Workers compensation
May provide benefits for employee injuries involving grinding or chemicals.

Commercial auto
May help with road-accident claims involving equipment and crew vehicles.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 **Listen**
We review your operations, coverage and past claims.

02 **Assess**
We look at hazards and ways to reduce risk.

03 **Build**
We compare carriers, premiums and audit terms.

04 **Support**
We revisit coverage as your work changes.
