

DIRT HAULING

An uneven dumping area can tip a truck.

Hauling fill takes dump trucks from public roads onto changing ground. Review road accidents and loading duties, including which carried materials qualify for cargo coverage and how drivers secure each load.

RISKS WORTH DISCUSSING

- 01 Dump truck collisions and rollovers
- 02 Tip-overs while dumping
- 03 Spilled or shifting loads

Coverage worth discussing

Commercial auto

May help with covered accident claims involving insured dump trucks.

General liability

May help with covered non-auto injury or property claims at a site.

Inland marine

Insured mobile equipment against covered damage or theft.

Motor truck cargo

May help with covered loss of eligible loads you haul.

Workers compensation

May provide benefits for driver or crew injuries, including tarping falls.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
