

SHOWROOM GOODS, DELIVERY AND CONNECTIONS

A bad connection can damage a home.

You sell electronics or appliances and may deliver and connect them in customer homes. Actual installation duties and transit ownership need acceptance, distinct from road liability and replacing faulty goods.

RISKS WORTH DISCUSSING

- 01 Resulting harm from faulty installation
- 02 Physical damage to goods during delivery
- 03 Road collisions involving delivery vehicles

Coverage worth discussing

Commercial property

Insured showroom goods after covered physical damage.

Commercial auto

Covered road liability for accepted delivery vehicles.

Products liability

Resulting harm from expressly accepted retail products.

General liability

Resulting harm under accepted installation/operations terms.

Inland marine

Insured goods under accepted transit/installation terms.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
