The Southern Agency
Insurance & Bonds

BENCH REPAIRS, TESTING AND CLIENT EQUIPMENT

A failed repair can start a fire.

You diagnose and repair electronics using soldering tools and energized tests. Client-equipment custody and processing need express terms, distinct from resulting harm after return and injuries to your own technicians.

RISKS WORTH DISCUSSING

01 **Resulting harm after repaired devices return**

02 **Damage to entrusted client electronics**

03 **Soldering or energized-test employee injuries**

ELECTRONICS REPAIR CENTER INSURANCE

Coverage worth discussing

Commercial property
Insured benches and tools after covered physical damage.

Inland marine
Insured client equipment under accepted custody/processing terms.

Products liability
Covered resulting harm from accepted repaired-device duties.

Workers compensation
Work-injury benefits for eligible bench technicians.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 **Listen**
We review your operations, coverage and past claims.

02 **Assess**
We look at hazards and ways to reduce risk.

03 **Build**
We compare carriers, premiums and audit terms.

04 **Support**
We revisit coverage as your work changes.
