

CALCULATIONS, SPECIFICATIONS AND SITE ADVICE

A calculation error can change a build.

You prepare engineering calculations and specifications and give field recommendations. Actual disciplines and site duties need accepted terms, with professional errors distinguished from nonprofessional injury or cyber events.

RISKS WORTH DISCUSSING

- 01 Structural or calculation-error allegations
- 02 Disputed field recommendations
- 03 Ransomware involving project records

Coverage worth discussing

Professional liability

Covered claims alleging accepted engineering-service errors.

Cyber liability

Covered response to qualifying project-data cyber incidents.

Workers compensation

Work-injury benefits for eligible engineering employees.

General liability

Covered nonprofessional injury from accepted site activities.

Commercial auto

Covered road liability for accepted field-service vehicles.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
